The Staff of the Rehab Services Department is happy to assist you in meeting your rehabilitation goals. We stress the importance of regularly attending scheduled appointments. However, in the event of an emergency or an unforeseen event, we ask that you please notify us at the clinic office listed above: (voice mail is available for your convenience).

Since our goal is to schedule appointments as effectively as possible, our policy is as follows:

After two consecutive “no shows” (missed appointments without notification to the Rehab Services Department), you will need to call the office to verify appointments or, in some cases, reschedule them.

Insurance Coverage: If you are uncertain as to whether you have PT/OT coverage, please contact your insurance company.

Thank you for choosing Memorial!
