

Job Description: Advanced Practice Clinician – Urology (Robotics Experience Required)

Position Summary

We are seeking a highly skilled and motivated Advanced Practice Clinician (Nurse Practitioner or Physician Assistant) to join our Urology team. The ideal candidate will have demonstrated experience in urologic care and direct involvement in **robotic-assisted surgery**. This role combines clinical expertise, surgical support, and patient-centered care to optimize outcomes across the continuum of urologic services.

Key Responsibilities

- Provide comprehensive evaluation, diagnosis, and management of patients with urologic conditions in both inpatient and outpatient settings.
- Actively assist in the **operating room** with robotic-assisted urologic procedures, including patient positioning, port placement, docking/undocking, and intraoperative support.
- Participate in **perioperative management**, including pre-surgical assessments, intraoperative collaboration, and post-operative care.
- Conduct inpatient rounding, order/interpret diagnostic studies, and collaborate closely with the urology team to develop treatment plans.
- Manage common urologic conditions (e.g., kidney stones, prostate disease, urinary tract disorders) independently under established protocols.
- Provide patient education regarding surgical procedures, recovery, and long-term management of urologic health.
- Collaborate with surgeons, nursing staff, and multidisciplinary teams to ensure continuity of care.

Qualifications

- Licensed **Nurse Practitioner (NP)** or **Physician Assistant (PA)** in good standing.

- Master's degree (or higher) from an accredited NP/PA program.
 - National board certification (AANP, ANCC, or NCCPA).
 - Current BLS and ACLS certification.
 - **Minimum of 2 years of urology experience**, including direct participation in **robotic-assisted surgery**.
 - Strong knowledge of perioperative workflows, urologic surgical techniques, and robotic platforms (e.g., da Vinci system).
 - Excellent clinical judgment, procedural skills, and ability to work autonomously within a collaborative team.
 - Strong communication and patient education skills.
-

Preferred Qualifications

- First-assist certification and documented robotic-assist experience in urologic cases.
-

Compensation & Benefits

- Competitive salary.
 - Comprehensive benefits package, including health, dental, vision, and retirement plan.
 - Paid time off, CME allowance, and professional development support.
 - Opportunity to work in a dynamic, growing urology program with access to advanced technology and surgical innovation.
-

How to Apply

To be considered, please submit your inquiry via email. Application materials must include a cover letter and a Curriculum Vitae. All inquiries and nominations should be directed in confidence to: Hanna Brown, MHA | Provider Recruitment | Hanna.Brown@memorialohio.com
