Start Date: Immediate

Work Setting: Hybrid

Fellowship Required: Preferred but not required

Employer Type: Traditional Local Private Radiology Group

Physician-Owned Private with Exceptional Work-Life Balance

Join a well-established, physician-owned private radiology group that has proudly provided imaging services to our community for decades. We are a true close-knit practice with democratic governance, no private equity involvement and exceptional work-life balance.

We are seeking a general diagnostic radiologist able to perform light procedures to join our friendly and supportive team. This is an outstanding opportunity for someone looking for long-term career satisfaction, flexible scheduling and one of the best work-life balances available in private practice.

What we offer:

- 17-26 weeks off annually, depending on scheduling preferences with flexible scheduling tailored to lifestyle and individual goals.
- No overnight coverage with minimal remote weekend coverage.
- A true small-group atmosphere with collaborative work environment where colleagues genuinely enjoy working together.
- Highly competitive compensation and expected to be above local market rates, with income tied to practice volume and group performance.
- Comprehensive benefits package with possible sign-on bonus
- Democratic physician governance with no private equity involvement.

About our practice:

For several decades, our physician-owned group has proudly provided imaging services to our primary county hospital while also serving additional healthcare facilities throughout the region. During that time, we have built trusted, longstanding relationships with referring physicians and hospital colleagues, creating a highly collaborative practice.

Community:

Located in Central Ohio, our practice location offers the best of both worlds: an outstanding quality of life with easy access to the metropolitan area. Several of Ohio's highest-ranked public school districts are in close proximity to the practice, making the area especially attractive for families.
